Indiana elected her Democratic State ticket and 8 of the 13 Congressmen. The price of tuition at Cornell College has been raised from \$15 to \$20 per term. Two companies of Thirteen Infantry left Omaha on Saturday en route for New

Among the Republican candidates for Assembly in New York city is Mr. Frederick W. Seward, son of the lamented Secretary of State. 2,500 is the majority for removal of the

county seat of Mahoning Co. This settles the question, except in the little matter of providing the buildings. The Indiana Legislature is now conceded to the Democrats. Joseph E. McDon-

ald will probably be elected United States Senator to succeed Pratt. alms bag, a fan, a card-case, a pocket- Meacham left the church. book, an umbrella, a turnip watch, a pin cushion, some ivory tablets and a little

mirror. The Greenlaw Opera House at Memphis was densely packed on Saturday night last, from pit to dome, to hear Ex-President Andy Johnson on the exciting topics of the day. He was listened to attentively and frequently applauded.

Hon. L. D. Woodworth's majority over Wilson, in Mahoning county, is 187. Mr. Woodworth's highly merited popularity enabled him to lead the Republican State ticket in Mahoning 296 votes. His majority in the 17th District is about 400.

Elder G. Q. Cannon, the Mornon smoothbore, has ingeniously evaded a prosecution for polygamy by spiriting away his wives, who are the only witnesses competent to establish the fact .-Docile creatures they must be, and fond of Cannon

The Union Pacific Railroad has been pronounced complete by the Commission lately appointed for that purpose. If the President shall approve this yerdict, the Company will come into immediate possession of all its land-grants. There is yet time for any person who knows to speak and prevent the surrender.

The Chicago Times utters a protest against "the Western plan of eternal change and greenhorn representation" in the election of members of Congress, saying: "It takes time to acquire any trade. We do not usually hire a tailor's apprentice to cut our costs, or any architectural tyro to build our houses. Are laws of less account than coats and houses, that we must eternally set green hands at the task of making them?"

A Cabinet-office is not necessarily a a unalloyed happiness. Already Gov. Jewell is getting into a snarl, and doubts are expressed as to his confirmation. Mr. Bristow, who swept so clean at the start. is said to have wearied in well doing, and to have modified the comprehensive system of reform which he inaugurated .-And yet it may be that Messrs. Bristow and Jewell are doing as well as new Cubinet-officers could be expected to do.

The Omaha Bee, of the 15th of October, says: "The order of General Sheridan rohibiting the exploration of the Black Hills by avaricious gold seekers, does not seem to have much abated the general excatement. The only effect it has had is to cause the plans of the fortune hunters to be executed more quietly than they would otherwise have been. Already there are many secret parties far on the way to the land which is supposed to abound with gold."

A SHARP GAME.-The New Orleans White Leaguers have played a sharp game with the United States authorities in relation to the "arms and accoutrementa" captured on the 14th of September. Instead of returning them as ordered, they have "handed over" in place of them a lot of rusty and worthless old Belgian rifies, belonging to nobody-knows who. What may be done about it is not know, though it looks as if the Leaguers were likely to come out ahead. The trick, however, is thoroughly Democratic, and in all respects worthy of the party engaged in it.

SMALL VICES .- An American gentleman, whom Mr. Spurgeon invited to say "a few words" to his congregation in London the other day, unhappily dwelt upon "small vices"-especially the "devlish" practice of smoking. Many sly winks and smiles went around the audience, which waited to hear what Mr. Spurgeon would say to this assault upon his pet habit. The great preacher got up with a quizzical smile and said he merely wanted to say that he did not regard smoking as a sin by any means, and that, "by the grace of God, he hoped to smoke a cigar that night before going to bed."

Governor Thomas E. Bramlette, manager of the Gift Concerts in aid of the Public Library of Kentucky, 'of Louisville, in that State, will do us a favor not to tempt us more with advertisements of that institution. The laws of the State forbid the publication of such advertisements, and do not discriminate between one of this kind, which is honest and for a good purpose, and shyster concerns. We know that some one will, on the 31st of November next, bag \$250,000 and others 5maller sums, and that the money will be promptly paid, as has been the cese in the four preceding ones; br. the law will not allow us to publish their advertisements Keep them away from us.

MIEth. District Vote,

The vote of the 19th Congressional District is reported as follows: Ash. Trum. Port. Genng. 5,487 2,847 2,523 1,758 755 2822 2820 284 1876 786 287 545 The Republican vote in the five coun-

ties composing the Nineteenth Congressional District in the year 1872, 1873, and 1874 was as follows: For Secretary of State, (Wikoff) 1879... For Governor, (Noyes) 1878 For Secretary of State, (Wikoff)1874....

Gen. Garfields's vote on the 18th instwas 12,607, being larger than the vote for Noyes in 1872, but less than the vote for Wikoff in 1874 by 2,261. Wikoff's majority in the District was 8,618, Garfield's majority over his Democratic opponent was 6,800. This may be taken as the net outcome of the bolt, and the bit-

ter attacks made upon Garfield. The Ohio delegation in the 44th Congress will stand politically 18 Democrats and 7 Republicaus.

So far in the campaign of this year the tide of battle has been running against the Republicans, and seriously. The following comperative table shows the political sharges in representation of the States which have so far voted, and it is

A consultation has been had by Dr. J. J. Caldwell, of Baltimore, with Dr. Thos. J. Dunett, Surgeon, in charge of Harrisburg, Pa. This process is the severing of the tumor by a wire or kulle- lash heated to about 1,500 degrees by the ase of galvanic plates and strong acids. It has been

A meeting was held on Saturday night in Hollis Street Church, Boston, to consider the Indian policy. Father Gleason. presided, and in the course of his remarks enlogized Captain Jack, and defended his shooting of Major General Canby and Commissioner Thomas. Col. Meacham arose and stated that he took no part in such an assertion, as he believed the assassination of Canby and Thomas a dastardly outrage. Father Gleason then said he had read in the Oregon papers that Meacham was a political adventurer, and had he offered to Capt. Jack the terms the President desired, Canby and Thomas would not have been shot. Colonel Meacham made no reply to this, but said Glesson had Fashionable women in Paris now wear advertised him to speak without his auattached to a belt around their waist an thority.
